

CS 587 – Assignment 5

I'm attaching the screenshots as mentioned in the question.

Screenshot 1: This shows the commits in the main repository.

Screenshot 2: This shows my commit in expanded view.

The screenshot shows a web browser window displaying a GitHub commit page. The browser's address bar shows the URL: `https://github.com/SPM587FA17/SCM587FA17/commit/8812dfb21d0dffa57b5f6b085789e47c1e0db00`. The page header includes the repository name `SPM587FA17 / SCM587FA17` and navigation links for Pull requests, Issues, Marketplace, and Explore. Below the header, there are tabs for Code, Issues (31), Pull requests (7), Projects (0), Wiki, and Insights. The main content area displays the commit details for `8812dfb`, including the message "Merge pull request #252 from KFA17SCM58R/master" and a description "Fixes #239. KFA17SCM58R first name added". The commit is attributed to "SPM587FA17" and is marked as "Verified". It shows two parent commits: `eb2b0c8` and `fb0a51e`. Below the commit message, it indicates "Showing 1 changed file with 1 addition and 0 deletions." and provides a "Unified" diff view. The diff shows a single file `k.java` with three lines of code. The first line is `... @@ -1,2 +1,3 @@`, the second line is `1 1 KFA17SCM91R`, and the third line is `2 2 KFA17SCM97D`. The diff is highlighted with a green background. At the bottom, there is a comment section with the text "0 comments on commit 8812dfb" and a "Write" button. The Windows taskbar is visible at the bottom of the screen, showing the time as 11:48 PM on 11/14/2017.
